SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT  
UNDER 37 C.F.R. 1.99

Honorable Commissioner of  
Patents and Trademarks  
Washington, D.C. 20231

Sir:

In accordance with applicants' continuing duty of disclosure under 37 C.F.R. 1.99, applicants would like to bring to the attention of the patent office, PCT 90/02540. This application generally describes a material similar to that disclosed in the original Information Disclosure Statement on pages 4 and 5. However, the outer layers 2 and 3 described allegedly formed "visible wrinkles, striations or cracks . . . and are merely carried as collections of discrete or semidiscrete pieces of film on layer 1" (page 11).

An alternative embodiment appears to be disclosed on page 12 where the thickness of the central layer increases and the thickness of the outer
